

2020
U.S. PUBLIC POLICY ENGAGEMENT
AND
POLITICAL CONTRIBUTIONS

PUBLIC POLICY ENGAGEMENT

As CNA operates in a highly regulated industry, we monitor and engage in public policy activities to advocate for state and federal laws and regulations that align with our core business strategies and values.

We believe it is vital for CNA to monitor and engage in the public policy making process to maintain effective business operations and to promote positions that are important to our employees, policyholders and shareholders. We engage responsibly and comply with applicable state and federal laws.

Our Government Relations team leads our public policy engagement activities and partners with our business leaders to define our advocacy priorities. Once our legislative and regulatory goals are defined, we advocate for those goals through direct engagement with public officials, through collaboration with industry and business associations, including, for example, through our membership in the American Property Casualty Insurance Association, and through issue specific coalitions. A list of our 2020 trade association memberships with the amount of dues for used for lobbying activities is provided at the end of this report.

FEDERAL AND STATE POLITICAL CONTRIBUTIONS

We also participate in the political action process by contributing to candidates who support our positions on key industry issues.

As a corporation, CNA cannot make contributions to candidates for federal office, national political parties or federal PACs. Therefore, any such contributions are made solely through the CNA Citizens for Good Government, a political action committee (CNA PAC), which is funded through the voluntary support of eligible CNA employees. CNA PAC's activities are overseen by a board of directors comprised of CNA business leaders. CNA PAC's 2020 federal contributions are disclosed on the following pages.

In states where it is allowed by law, we make corporate contributions to state and local candidates, political parties, trade association political action committees and ballot initiatives. Our 2020 state-level corporate contributions are disclosed on the following pages and are generally de minimis as they were less than \$275,000, or 0.003% of CNA's annual operating expenses.

Our Government Relations team reviews all employee-funded political action committee contributions and all direct corporate contributions to direct them to candidates who are likely to support the issues important to CNA and the insurance industry.

2020 FEDERAL CONTRIBUTIONS (CNA PAC)
