SMALL BUSINESS

Superior protection in an unpredictable business environment.

In a highly regulated industry, financial institutions need expert insurance solutions to protect and keep their businesses operating. Whether it's insuring their offices, their computers and data, or their reputations, CNA offers the right combination of coverages to meet their ever changing needs.

As an industry leader with more than a century of experience and an "A" rating for financial strength, we understand the multitude of challenges and unique exposures financial institutions face. With our local underwriters, claim professionals and risk control consultants working together to provide a full suite of property and professional and management liability products, we take the burden of managing risk out of the equation so your financial institution clients can focus on managing and growing their assets.

Within our small business segment, CNA offers a market for a broad variety of financial institutions classes.

Class Appetite:

- Asset Managers
- Mutual Fund Managers
- Commodity Brokers
- Private Equity Firms
- Financial Planners
- Stock Brokers
- Insurance Agents
- Title Agents
