We provide insurance solutions in response to our policyholders’ emerging exposures and evolving needs, and offer a flexible approach that enables us to consider complex and unusual risks.

We underwrite controlled master programs, exporter package policies and Defense Base Act, and we provide travel assistance services via our CNA Companion Services® Portal.

Expert Risk Control

Businesses trust us because we understand the intricacies of the risks they face.

Our Risk Control consultants hold professional qualifications in the sectors where we operate and support policyholders by minimizing risk across their business.

We believe that prevention is better than cure, which is why we not only provide best-in-class Risk Control consultancy but also create effective risk management programs, undertake on-site and remote loss prevention surveys, and deliver tailored training.
