CNACargo.com

CNACargo.com is an automated issuance system for agents and Ocean Cargo policyholders to easily and efficiently manage Ocean Cargo policies worldwide. With CNACargo.com, agents and clients have the ability to access policy information, issue certificates and find claims settling agents from anywhere in the world, at any time.

Global Capabilities

Our global representation and robust multinational capabilities allow us to serve companies in more than 150 countries, from small businesses to large corporations, with local underwriting authority in office locations with CNA WorldPass®.

CNA WorldPass® is a specialized international package policy for medium to large U.S.-based commercial entities. CNA manages the administration of the local admitted policy issue cycle via the CNA ComPass™ platform. Local policies are issued in the countries that require local admitted coverage and a master policy is issued in the U.S. to close any coverage or limits gaps between the local policies and the master policy.

Dedicated Risk Control Services

Our Risk Control program spans all fields of Inland and Ocean Cargo insurance, as well as the additional industries associated with our policyholders. Using cutting-edge technology and deep insurance expertise, CNA's Risk Control consultants offer systematic, sustainable solutions that can help companies mitigate risk and protect their bottom line.

Ocean Cargo Claims Specialists

We handle claims worldwide, from reporting to resolution. Our seamless, personalized and consistent approach involves direct access to Claims specialists, such as handling adjusters, to provide superior support for policyholders when and where they need it.

Stability and Financial Strength

CNA is one of the largest U.S. commercial property and casualty insurance companies. Backed by more than 125 years of experience, CNA provides a broad range of standard and specialized insurance products and services for businesses and professionals in the U.S., Canada and Europe.
