

MEDICAL & SCIENTIFIC EQUIPMENT

CNA's Medical & Scientific Equipment Coverage Form

CNA's Medical & Scientific Equipment Coverage Form will help you better customize coverage solutions and enhance service for healthcare facilities and medical laboratories. This form covers equipment such as MRI machines, CAT scanners and ultrasound machines — either at a specific location or mobile to provide service at remote sites.

The form also provides Physical Damage coverage for the conveyance (via truck or trailer) of mobile units when equipment is integrated. CNA can also cover the loss of income if the mobile equipment is damaged by a covered cause of loss (including collision). In addition, Communication and Power Disturbance coverage is automatically included.

The new form features a one-column, easy-to-read format and index, making it easier to locate coverages in the policy. The form also allows you to efficiently identify coverage needs for your clients, as well as identify gaps for those coverages your clients may need but do not have.

Broad, flexible and comprehensive coverages

The form can be written stand-alone or as part of a package policy. As a Special Causes of Loss coverage, this form has many built-in coverages and extensions and several flexible options to add or increase coverage.

Built-in coverages and extensions also include:

- Debris Removal
- Pollutant Clean Up and Removal
- Fire Department Service Charge and Extinguishing Expense

Coverage options included with automatic limits that can be increased include:

- Business Income and Extra Expense
- Data Restoration Expense
- Newly Acquired Property
- Transit

Optional coverages for additional premium include:

- Equipment Breakdown
- Flood
- Earth Movement
- Office Furniture & Fixtures (within the mobile unit or within the leased office building)

CNA competitive advantages

CNA is the seventh largest U.S. commercial insurance writer and the 13th largest property and casualty company. With more than \$60 billion in assets, more than \$8 billion in statutory surplus, more than \$7 billion in net written premiums and an "A" rating from A.M. Best, CNA has the financial strength to assist businesses in mitigating their risks. Additionally, we offer:

- A highly trained professional staff
- Local underwriting authority
- A broad product portfolio with the ability to write your clients' full property risks
- Nationwide risk control services to help your clients assess and address risk exposures
- Claim support services in all 50 states
