

Risk Control

Risk Services

Customized Consulting Services Beyond Your Insurance Program

Leveraging our deep expertise in all industries we serve, CNA's Risk Control team offers through ClaimPlus* a strategic, consultative approach that identifies emerging risks and helps anticipate critical exposures – whether they affect your business, people, property or data.

CNA's Risk Services, the newest expansion of our service offerings, allows U.S.-based policyholders to purchase standalone services under a separate contract. Supported by experts, each policyholder can tailor a risk mitigation program that fits their specific needs, even as their exposures change.

From adding a Risk Control service that's not part of your insurance program to selecting from a menu of options at the point of sale, you can customize a solution for every situation. Our proprietary tools and resources are highly effective and easy to implement, including:

- Business Resilience Consulting Services
- Custom Safety Training Services (Classroom/SORCE®)
- Equipment Study
- Facility Readiness Evaluation – Liability
- Facility Readiness Evaluation – Property
- Fire Protection Plan Review
- Fire Sprinkler Evaluation
- Industrial Ergonomics Evaluation
- Industrial Hygiene Air Evaluation
- Industrial Hygiene Indoor Air Quality (IAQ) Evaluation
- Industrial Hygiene Noise Evaluation
- Industrial Hygiene Thermal Stress Evaluation
- Industrial Hygiene Ventilation Evaluation
- Jobsite Hazard Evaluation
- Motion is Money® Evaluation
- Office Workstation Ergonomics Evaluation
- Property Hazard Evaluation

We'll continue to enhance this program with additional resources, so stay tuned for more Risk Services offerings.
