

CNA eSight®

When it comes to keeping an eye on your claims, CNA gives you a clear eSight.®

CNA eSight® — claim information on the Web, only a few clicks away.

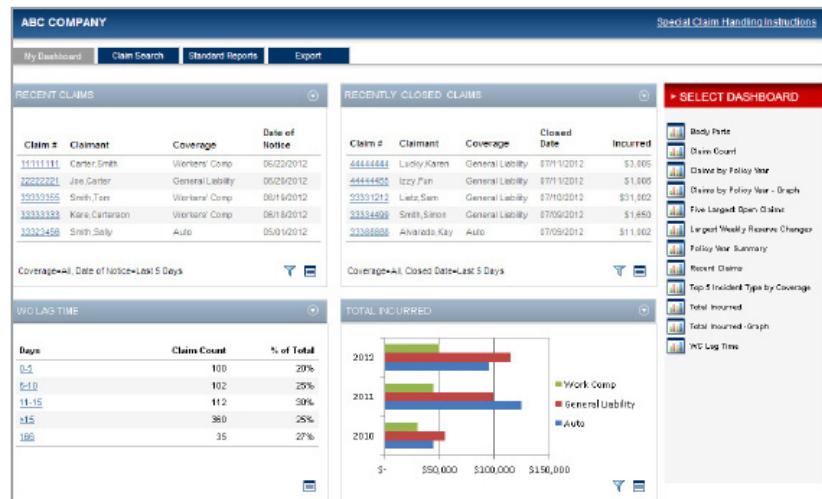

At CNA, we understand that you need a comprehensive, user-friendly resource to view and analyze your important claim loss data. That's why CNA created eSight®, our quick and easy Web application. eSight® gives you secure, full access to your claim details, including adjuster notes, financial transactions and claim activities, where permitted by law. When you use eSight®, you'll find the critical information you need with just a few simple clicks.

Training and support are always at hand.

Online tutorials and training material can be found on the eSight® website, 24/7, and our dedicated professional eSight® support team is available to personally assist you Monday through Friday, 7 a.m. to 6 p.m. CT.

When you're ready for a smart claim handling solution, backed by a financially strong carrier rated "A" by A.M. Best ... **we can show you more.®**

Two levels of support to suit your needs.

eSight® Claim Status – Provides you with the following functionality:

- Dashboards show graph and summary claim data to help you identify trends
- Drag and drop functionality allows you to customize and preserve your dashboards to your preference
- Claim details, including adjuster notes, financial transactions, and claim activities, where permitted by law, provide simple tracking of your claims
- Adjuster contact information allows you to email your adjuster directly from eSight®
- Choice of scheduled loss run reports provides flexibility in analyzing your data

eSight® Full Access – Provides you with all of the functionality of eSight® Claim Status, plus:

- Enhanced reporting functionality gives you all the information you need at your fingertips, including:
 - Specified point-in-time capability providing a historical look at claims
 - Comprehensive list of report templates that you can customize
 - Easy export of your claim data and financial transactions to Microsoft Excel
