

Small Business

CNA Passport AccessSM

CNA Passport AccessSM is a unique addition to your CNA Connect[®] policy, providing a suite of coverages critical to any business with foreign travel or sales of domestic goods.

Why do I need CNA Passport AccessSM?

- We are in a rapidly expanding global marketplace
- The internet has made global transactions more common than ever before

Most business owner's policies will only respond to lawsuits brought within the U.S. and Canada. That means that if you are sued outside these countries, you may not have coverage under a traditional policy. With the dramatic increase in global commerce via the internet, your domestically manufactured products could be sold all over the world, whether you realize it or not. CNA Connect[®] automatically provides worldwide coverage for injuries or damages arising out of your products made or sold in the U.S., Puerto Rico and Canada when the lawsuit is brought within the coverage territory. When your company has the CNA Passport AccessSM, the expanded territory provided in the Connect applies, but the policy will respond to lawsuits brought outside of the U.S., Puerto Rico and Canada.*

Also, if you travel internationally with CNA Passport AccessSM, you receive a \$25,000 limit for business personal property coverage that you bring with you on your business trip along with a \$25,000 limit for confiscation, expropriation and nationalization coverage.

In the event that your employee is kidnapped or subject to wrongful detention while traveling abroad on a business trip, the CNA Passport AccessSM endorsement will reimburse your expenses for Kidnap & Ransom/Wrongful Detention for a limit of up to \$25,000.

Other valuable features of CNA Passport AccessSM include the Automobile Difference in Conditions/Excess Liability coverage, which provides additional coverage for bodily injury and property damage in the event the use of rented vehicle by an employee on an overseas business trip results in an accident.

CNA Passport AccessSM grows with your business

CNA offers foreign coverage for U.S.-based businesses of all sizes. As your foreign sales or travel grows, we offer the right product to protect your business. CNA offers CNA Passport[®] and CNA WorldPass[®] coverage packages, which can be customized based on your individual needs.

* Excluding countries or jurisdictions that are subject to trade or economic embargoes imposed by law or U.S. regulation.
