LAWYERS

THE NATION'S #1 PROVIDER OF PROFESSIONAL LIABILITY INSURANCE FOR LAWYERS

Rely on the simplicity and customization of CNA Paramount®.

To help ensure you receive the customized property and crime coverages you need to meet the demands of your practice, look to CNA Paramount® — the customized insurance package policy for mid- to large-sized law firms. CNA insures more lawyers than any other carrier. As the endorsed professional liability insurer for nine state bar associations, we've built on our expertise to develop a contemporary, integrated and customizable package policy designed for the unique characteristics of a law firm such as yours.

The coverages you need most.

CNA Paramount® gives law firms a range of essential coverages. Property coverage highlights for eligible and qualified insureds include:

Daily limit of indemnity coverage for law firms

With CNA Paramount's® daily limit of indemnity coverage, you may be paid a daily limit of indemnity in the event of a covered loss, helping to ensure that your employees and vendors are paid when your operations are suspended.

Business income based on billable hours

Using billable hours to determine lost business income helps to provide an accurate estimate of lost revenue associated with an interruption of business, helping to ensure that you have the funds to help keep your firm running.

Lost evidence covered, on or offsite

If evidence for a legal proceeding is lost or destroyed, either on or off-premises (in a lab, a courthouse or storage facility), CNA Paramount® may provide coverage for lost or destroyed evidence up to the applicable limit.

Coverage for your risks and your tenants' interests

Many law firms lease extra office space to tenants. CNA Paramount® may cover lost rent if direct physical loss of or damage to the property causes a tenant to cancel its lease. After your property is usable again, CNA Paramount® may cover tenant move-back costs incurred.

Accounts receivable and electronic media coverage

Because law firms have hefty accounts receivable and an ever-increasing reliance on both physical and electronic media, including valuable papers, CNA Paramount® includes these coverages within the Personal Property limit, helping to give you the flexibility of choosing a limit that matches the needs of your firm.

Fine arts coverage

It's common for law offices to display fine arts for clients' enjoyment. With CNA Paramount®, fine arts items may be covered up to \$100,000 per item.

Additional coverage from a carrier you can trust.

CNA provides added flexibility to insure law firms for certain losses due to:

- General Liability
- Cyber Liability
- International Risks
- Workers' Compensation
- Employment Practices Liability

Find evidence of risk before a claim occurs with CNA Risk Control services.

Information risk

Information that you store on your network or in hard copy is valuable and must be protected. Content, such as employee records, client information and credit card data is susceptible to theft. CNA offers a SORCE® training course to help you safeguard against network security risks. We also have downloadable educational materials designed to keep you informed of the latest network security risks for lawyers.

Business interruption

To reduce the potential for substantial financial loss, CNA provides business solutions and loss prevention strategies to help prepare your firm for emergency situations. CNA's staff can assist you in developing or reviewing your business continuity plan to help ensure that your firm is operational as soon as possible after a disaster, a best practice identified by the American Bar Association.

Consistent and seamless from claim reporting to resolution.

CNA claim professionals provide the time and attention necessary to process claims, helping to result in a fair outcome with a timely resolution. Additionally, CNA claim professionals become certified in their designated business area by meeting predefined requirements and standards through internal certification programs and a comprehensive claim continuing education curriculum.
