

Marine

Oil and Gas

CNA Canada has been supporting the oil and gas industry for more than 25 years. Our highly specialized underwriting team based in Calgary has the expertise to provide coverage essential to the oil and gas industry.

Our broad portfolio of products offers a variety of standard business insurance coverages needed to protect your client's business, such as property, casualty, automobile, inland marine and umbrella. Your local CNA underwriter combines broadened coverages and policies with the territorial knowledge and the decision-making authority to create customized solutions that are vital to the continued operation of oil and gas service providers.

Target Classes

CNA primarily targets the following oil and gas contractors:

- Cementing Contractors
- Drilling Contractors
