Builders Risk

Often complex and highly specialized, Builders Risk insurance provides coverage for construction projects that suffer property damage due to natural disasters, vandalism, theft and more. At CNA, we deliver in-depth expertise and customized solutions tailored to each business's unique needs. We offer a broad range of products for Inland Marine, and our industry-leading Risk Control services help customers identify and address risk exposures, with a focus on providing superior support.

Capabilities

CNA offers comprehensive solutions to cover every facet of the construction process, with the ability to tailor coverage when unique exposures arise to support a wide range of project sizes, scopes and types.

- Capacity up to \$400M per location
- Single shot, master reporting and shared/layered capability
- New ground-up construction
- Renovations, rehabs and conversions
 - Small fit-outs to full modernization of existing structures
- Dedicated Underwriting, Risk Control and Claims professionals provide deep expertise and customer-focused support

Appetite

Collaborative Approach

CNA's Marine underwriters work closely with specialized teams to deliver effective solutions you can rely on. Our Inland Marine team helps companies of all sizes prepare for the unexpected, providing critical coverage and support when it matters most.

Industry-Leading Risk Control Services

CNA's Risk Control program spans all fields of Inland Marine insurance. Using cutting-edge technology and deep construction industry expertise and focus, our Risk Control consultants offer systematic, sustainable builders risk solutions that help contractors and owners mitigate risk and protect their bottom line.

Inland Marine Claims Specialists

We handle claims worldwide, from reporting to resolution. Our seamless, personalized and consistent approach involves direct access to Claims specialists with deep construction industry experience, such as handling adjusters, to provide superior support for policyholders when and where they need it.
